Stamp Uses *Geographic* Picture

A bird's-eye view of the White House by *National Geographic* photographer George F. Mobley inspired the new six-cent stamp design at right.

Using the photograph, artist Stevan Dohanos, a member of the Citizen's Stamp Advisory Committee, created the red, blue, and green stamp. Mr. Dohanos has designed nine stamps issued in the past eight years.

Mr. Mobley's photograph, taken from a 90-foot fire ladder on Pennsylvania Avenue, shows the Washington Monument and the Jefferson Memorial in the background. Mrs. Jacqueline Kennedy chose the picture for the cover of *The White House, An Historic Guide.*

The guide book was produced by the National Geographic Society as a public service. It is available in hard and soft bound covers from the White House Historical Association, 1634 I St., N.W., Washington, D. C. 20006.

School Bulletin Binder Offered

"I lost my *School Bulletin* on India. Now I have a report to do on it. . . ."

"My little brother spilled cocoa on my pictures of Snowflake. It broke my heart. . . ."

A colorful binder for your *Bulletins* is good insurance against such loss, spills, and other mishaps. It's plastic-coated, hard-backed, and fits on a bookshelf. A transparent "Attach-O-Strip" makes each issue loose-leaf. One binder keeps a whole year's *Bulletins*—30 issues—ready for future reference.

The special *School Bulletin* binder is available only from the Albrecht Co., 211 S. Sharp St., Baltimore, Md. 21201. One binder complete with "Attach-O-Strips" sells for $2.95 prepaid. Three sets cost $8.50.
